

COMPETITION BRIEF

Retro Funk

One of the most inspiring periods of design must be the 60s & 70's. Popular American culture, the motorcar, mid century architecture & modern production techniques generated some of the most iconic designs of the 20th century.

This years mood board takes a walk through this period combining illustrations from Charley Harper, abstract textiles inspired by Miro from Lucienne Day & Marian Mahler. Homemaker ceramics inspired by Charles Eames & bold flowers from Marimekko.

This year we want you to experiment & produce a highly original retro style of your own.

Colour inspiration

Warm ochre, olive tones, grapefruit, brash raspberry, petrol blue, diesel green & salmon pink.
